

Being in Control of your Thomson One Subscriptions

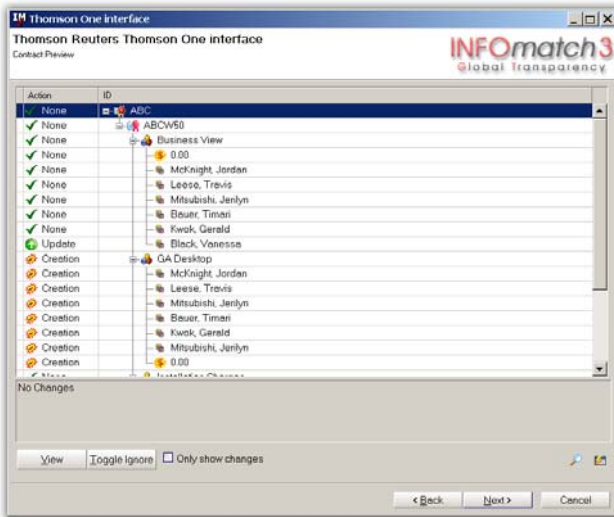

The **INFOmatch** Invoice Reconciliation interface for Thomson One reads contracts and invoice information from Thomson One's billing files and updates INFOmatch accordingly.

Any change with respect to Thomson One subscriptions, such as moves, additions, cancellations, price updates is automatically detected. The intuitive wizard handles all your Thomson One accounts at once and allows you to compare, check and update crucial data with a few mouse-clicks only.

Based on Thomson One's contractual agreements in INFOmatch the interface automatically generates Thomson One's per account invoices. The invoice forms the basis for reconciling your Thomson One invoices.

The INFOmatch Invoice Reconciliation interface for Thomson One saves you time in maintaining your Thomson user community and in managing your invoice reconciliations. It thereby dramatically reduces the workload by up to 90%.
